Experience

Business Analyst (Urban Planning & Economy) – City of Edmonton – *May to Sept. 2021*

- Forecasted a variety of quarterly permit volumes using both machine learning and econometric models.
- Presented models and analysis to audiences of varying knowledge.
- Quantified the positive effect to business owners and developers of the city's red tape reduction.
- Created a system to easily update and forecast several key external variables at once.

Graduate Teaching Assistant – University of Alberta – *Sept. 2021 to June 2022*

- Held office hours and evaluated students for intermediate microeconomic and macroeconomic courses (ECON 281 & ECON 282)
- Improved upon adaptability, as each student had different needs.
- Employed consistency and attention to detail in student evaluation.
